

Welcome!

...to the St. John Eudes School Wiki — a living, collaborative resource created to serve the entire SJE School community.

NOTE: Please [login](#) to your SJE School Wiki account to view pages. If you need help logging in, please email mduclos@sjeschool.net.

About This Project

The SJE School Wiki is a major initiative launched in 2025, designed to build a shared foundation of knowledge, transparency, and collaboration across our school community. Our goal is to make information accessible, accurate, and easy to find — empowering parents, teachers, staff, and volunteers to work together in harmony for the good of our students.

This project began as a way to preserve institutional knowledge, streamline communication, and document important details about school life that often get lost over time — from room parent guidelines and volunteer procedures to fundraising events, committees, and classroom traditions. Over time, it has evolved into a living handbook and historical record of the programs, people, and values that make St. John Eudes School so unique.

Our Mission

To create a transparent, organized, and collaborative resource that strengthens communication between faculty, staff, parents, and parish. The Wiki aims to:

- Centralize information about school policies, events, and programs
 - Document best practices for volunteers and committees
 - Preserve the traditions, structure, and spirit of the SJE community
 - Foster a culture of service, stewardship, and open communication
-

Who It's For

The SJE Wiki is intended for:

- **Parents and Guardians** — to find information, forms, and guidance on volunteering, events, and school procedures
 - **Teachers and Staff** — to document processes, classroom events, and community initiatives
 - **Room Parents and Committee Chairs** — to plan effectively, learn from past experience, and share resources with future volunteers
-

- **Students and Alumni** — to understand the school’s traditions, service programs, and opportunities for involvement

Acknowledgments

This project is lovingly designed and managed by Matthew Duclos (Mr. Library) — Librarian & Website Coordinator with the support of the SJE Faculty, Administration, and [Room Parent Coordinators](#).

“If you’re going to live, leave behind a legacy. Make an impact on the world that can never be erased.” — Maya Angelou
